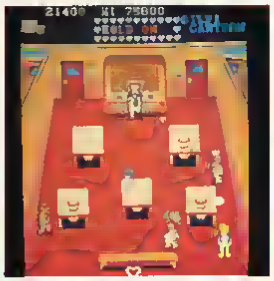
Mikie™, *High School Graffiti*, is a fast paced, challenging comical character game that will capture the hearts of just about anyone who has ever stepped foot inside a classroom.

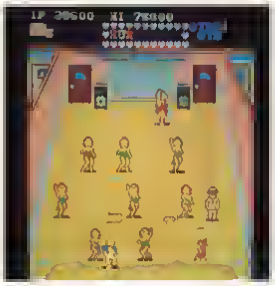
Mikie is just your average high school boy who happens to run into a little difficulty every time he tries to get together with his girlfriend.

It starts in the classroom where Mikie tries to collect messages (hearts) from his sweetheart. You see, Mikie, with the use of his HIP ZAP, has to push the other students off their chairs to get those messages. This, as you can imagine, doesn't sit too well with his teacher. Things aren't much easier for Mikie once he makes it out of the classroom and into the locker room.

It gets downright messy in the cafeteria when the cooks start hurling pies at our high school hero.



Poor Mikie finally encounters his beloved in the gym, only to find that the girls' gym teacher is not pleased with the intrusion.



Hand in hand our loving couple make it to the courtyard where they must sidestep several football players to make it to Mikie's awaiting car ... ah, all this in the name of love.
